"Our custom trip to Spain was wonderful. Saw lots, did lots, people very friendly, food great, wine outstanding, guides terrific. I so enjoyed learning about the Basque area and the people."

Ralph helped us plan our recent trip to Porto, Portugal and Barcelona. Picking hotels and local guides on line can be so confusing and time consuming. Ralph selected wonderful hotels for us in both locations and took the stress off of us. He also selected local guides that made our touring much more meaningful. We highly recommend letting Ralph plan your next trip.

We absolutely enjoyed Northern Spain, thank you for putting together a great itinerary.

Every single guide we had was top notch! Everyone was friendly, interesting, spoke English well, knew their stuff, flexible and accommodating. This made the trip.

Everything ran smoothly and the local drivers and guides you set up for us were there when they said they would be!

~ Norm & Lisa B. (Northern Spain)

plenty of time to relax and discover Portugal on our own. Our tour guides were very knowledgeable and enjoyable to be with. We learned so much about Lisbon, Porto and the surrounding areas. Everything ran smoothly and it was a pleasure to have everything set up in advance by Ralph and his team. We have loved discovering Portugal and cannot wait to go back to our favorite places there again soon!

The hotels were fantastic.

Breakfasts were amazing everywhere we went. Enjoyed the great hotels, history, coffee, fresh food (especially the morning breakfasts), and wine. The people we met were all friendly and service at the hotels and everywhere was great.
